ADVANCED MANUFACTURING FACILITIES

For more than ten years Sanjay Chilly has been in the forefront of floor drain manufacturing. This has been possible because of our advanced manufacturing facilities we set up in the very initial stage. We commissioned state of the art machines, presses, buffing, polishing and packaging units.

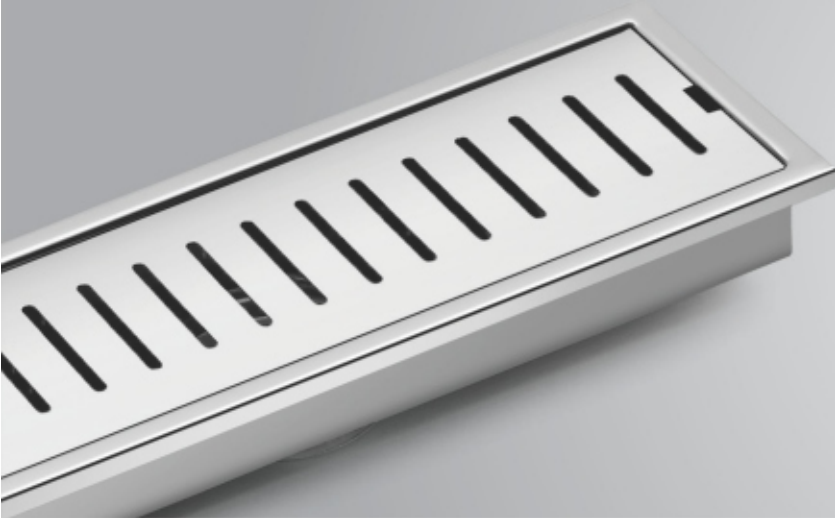

HIGHLIGHTS

1. Manufacturing facilities geared up to cater large volumes.
2. **ISO 9001: 2008 COMPANY**
3. In house design centre for churning out new product ideas

ISO 9001:2008
Company

with dedication, innovation
and commitment to quality
you can realise even the
most ambitious ideas

Sanjay Jain Chilly
Managing Director

Dear customers, there is nothing more important than the customer who ultimately will use the product which takes so long to create, manufacture, passed on to supply chain, delivered for distribution, changes hands at retail and finally reaches the customer.

At SANJAY CHILLY we live for the moment when the customer will buy the product and will smile at finding true value for the money they spent. For us, the urge for improvement and the rigorous development of innovation is a solidly established and resolutely pursued company principle. Since our foundation in 2007 we've invested tirelessly in new ideas, new technologies and surprising new solutions— always with our values and our customers' needs firmly in view. We can't help always being a little bit different.

Our core competence is producing high-quality drainage products and bathing accessories with design aspirations to match. We are continually strengthening our design, innovation and manufacturing capabilities and put together integrated bathroom solutions for our customers. These are a fusion of our decades of experience in the sanitary sector with outstanding support from our distribution, retail and customer base.

Read this brochure and find out more about SANJAY CHILLY's contribution as a supplier of exclusive bathroom and drainage solutions.

Keeping up with
highest industry
standards & letting
people enjoy the
technology

Sanjay Chilly manufactures products for the people. When we want to expand we think through the customer mind. It is not very hard to know what should be good product- whether it will serve its purpose in terms of functionality and performance. Our main focus is that the product should be elegant enough to pass the test of customer preferences.

In its quest for perfection
and
all inclusive excellence
Sanjay Chilly are now an
ISO 9001 2008
certified company

The water lock mechanism

The water lock created by the continuous presence of water in between the two filters keeps the cockroaches away since the cockroaches are unable to cross a water barrier

No Drain
Clogging

Eco Friendly

No odour
drain

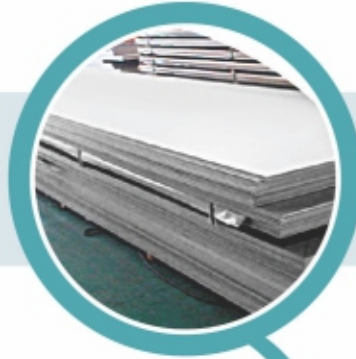

SANJAY CHILLY

THE MAKING OF A PERFECT PRODUCT

RAW MATERIAL

Only The High Grade 304 Stainless Steel Is Procured, Tested And Then Allowed On The Shop Floor

PROCESSING

Once inside the factory premises the steel is stacked and treated for final cutting

CUTTING

Cutting Of The Steel Is Done With Specially Commissioned Presses For The Final Production

PRESSING

At the state of the art presses the cut sheets are moulded to the various shapes

BEADING

The process of beading is crucial for the products because it imparts them with safe rounded corners

LANCER/GRINDING

Grinding is the process which takes away the blemishes on the product surface and makes it smooth and user friendly

BUFFING

Buffing Is Finishing Process For Smoothing A Workpiece's Surface Using An Abrasive And A Work Wheel Or A Leather Strop.

POLISHING

Polishing is finishing process for shining a workpiece's surface using an abrasive and a work wheel or a leather strop.

CHECKING & PACKING

Before the products are packed in protective polythene and later into boxes they are thoroughly checked and if found wanting are sent back to shop floor

SHIPPING

Sanjay Chilly is committed to meeting supply chain deadlines to make it possible we take extra care to dispatch deliveries faster and safe

Swachh Bharat Abhiyan

CLEANLINESS IS NEXT TO GODLINESS

Since our childhood we have been taught the importance of cleanliness and it becomes part of our habits, and as we say habits become our second nature. The habit of cleanliness and hygiene around not only brings health and well-being rather it adds to the wealth and life of an individual. It not only purifies the atmosphere but purifies our mind and thoughts. A clean and tidy place not only attracts one's attention but also soothes and motivates the positivity in mind. Cleanliness adds the beauty to surroundings and ultimately to the serenity to our minds.

Swachh Bharat Abhiyan is a nationwide cleanliness campaign run by the government of India to cover all the backward statutory towns to make them clean. This campaign involves the construction of toilets, bathrooms, promoting sanitation programmes in the rural areas, cleaning streets, roads and changing the infrastructure of the country to lead the country ahead. It is a step towards building India strong physically health wise and ultimately in its thoughts and ideas.

The Swachh Bharat is an awakening that inspires and alleviates our thoughts from individualism to collectivism. It emphasizes on not only keeping our homes or self clean but to care and extend the same practice to our neighborhood, colony, city and nation as a whole. It's a step that promotes brotherhood and neighborhood approach in maintenance of common and public places as our own.

A country becomes nation when it's citizens takes ownership – this is the spirit behind Swachh Bharat Abhiyaan. To become a part and that important drop in the ocean, we are reminded of the fact that charity begins at home. In bringing hygiene and health to your home.

We at Sanjay Chilly are committed to offer and deliver you the world class products and accessories for your sanitary and drainage needs. We not only support rather promote Swachh Bharat Abhiyaan not only in letters but spirit through our deeds.

The testimony to our achievements
is reflected in the long line up of corporate clients we have had
the opportunity to serve...

Appreciation Letter

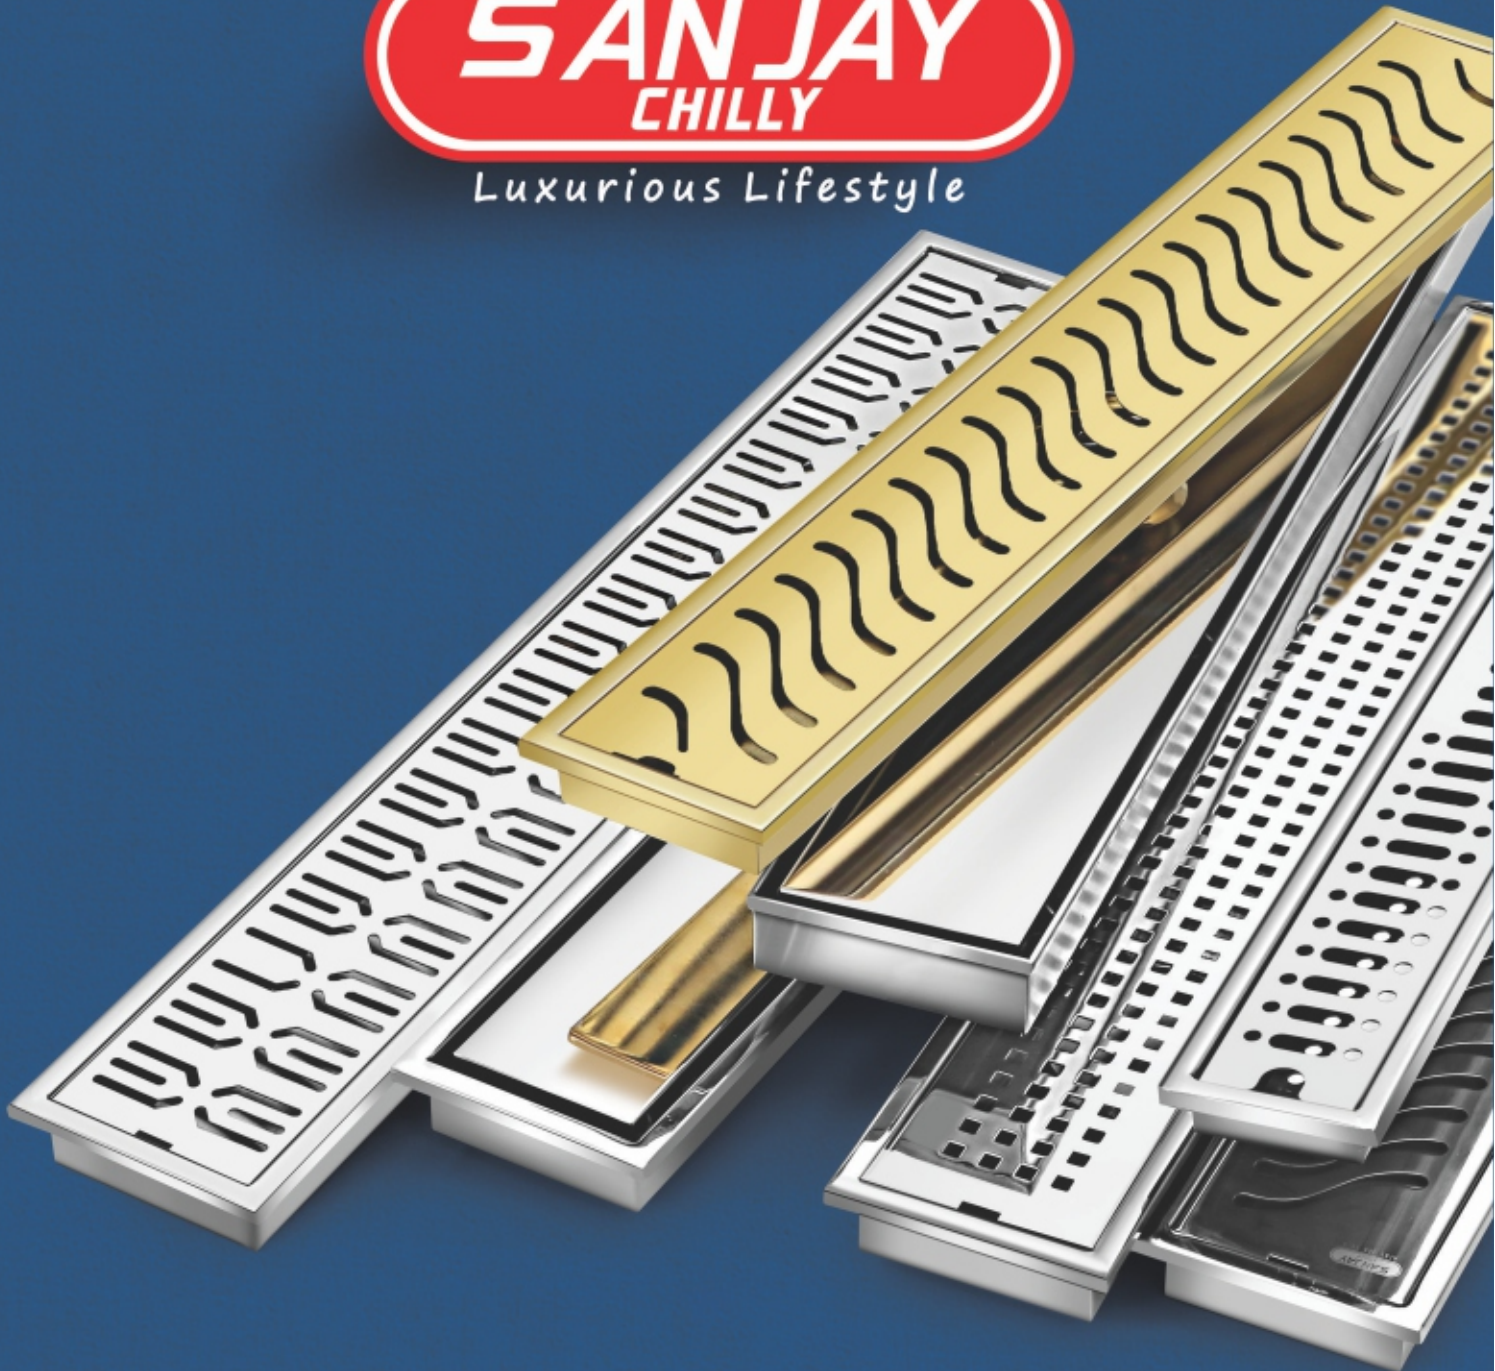

We, Duet India Hotels (Hyderabad) Pvt. Ltd. sincerely appreciate the efforts & workmanship of Rishabh Sanitary Appliances Pvt. Ltd. in providing the sanitary fittings especially cockroach traps for our hotel project at Hyderabad, Andhra Pradesh.

Quality of the products supplied supported us to set & maintain the standards as per hospitality guidelines.

We wish Rishabh Sanitary Appliances Pvt. Ltd. great success and anticipate procurement of their products for our future projects.
